.308 Win.

The .308 Win. was put on the market as a hunting and sports cartridge in 1952. Its strong points are the high universality and the pleasant shooting behaviour – suitable for all European cloven-hoofed game.

GECO is offering the calibre .308 Win. with the bullets GECO Express, GECO Softpoint, GECO Plus, GECO Zero (leadfree), GECO Target FMJ and GECO Sport.

GECO Softpoint

Thousands of roe deer have been shot with the legendary GECO Softpoint bullet which is suitable for universal use and in almost any hunting situation. It responds reliably in the game's body and has good target ballistic effectiveness. The thin walled jacket of the bullet is the secret of this successful design, deformation is initiated by the marked lead tip and then the jacket responds to the increased resistance, even with heavy game the deformation process remains well controlled.
